

SCHOOL VISION

Denman Public School provides learning programs which enable each child to achieve excellence according to their individual potential. The school is effectively managed and organised to ensure the best educational resources and opportunities are provided to suit the needs of all children.

- Encouragement to achieve and recognition of achievement is promoted with the school community by staff and parents.
- All children will be educated in the Key learning Areas of the curriculum in a caring and supportive environment.
- Denman Public School will provide opportunities for achievement in excellence in the Performing Arts and a wide variety of Sports.
- Learning programs will reflect the needs of society and ensure that pupils are confidently prepared to face the future.
- Denman Public School pupils will have access to the latest learning resources, technologies and equipment.
- Students will be considerate and caring towards one another, staff and visitors to the school.
- Students will be respectful of property owned by themselves, their peers, staff, school and community.
- Staff will be provided with opportunities to achieve personal and professional excellence and will work in an environment that is positive, caring, understanding and cooperative.
- Positive relationships will be developed, nurtured and sustained with local community groups including the Denman Children's Centre.
- The community of Denman will see the school as a focus point within the community.
