12th March 2018

Dear Families

Our students are very much enjoying visiting the Life Education van this week. Our younger students in particular are very excited about seeing Healthy Harold. Due to a late sponsorship announcement the program has now been provided to all students K – 6 at no cost.

Thank you to the families who paid the \$3 for students to attend. As we have a visiting performer attending the school next week we would like to use these funds to cover the student admission fee for this event. If you have any concerns about this use of money for a different purpose can you please contact the school as soon as possible to discuss the matter.

Our school will now be collecting recyclable drink containers and bottles which will be taken to the new Return and Earn facility in Muswellbrook to raise money for our Garden Club. This idea came from one of our primary students who has taken responsibility for the project. Students are encouraged to place their drink containers into the special container in our playground and support this initiative.

We look forward to raising awareness of recycling and sustainability in the DPS community.

Kind Regards

Megan DrUITT
Principal
